About the Mt. Lemmon nature hikes:

• Join Sabino Canyon Volunteer Naturalists as we explore different trails on Mt. Lemmon. Exercise both bodies and brains in one (or more) of the eight biomes as we discover the flora and fauna and learn the history that makes the Santa Catalina Mountains so special.
• All nature hikes start at 9:00 a.m. at the indicated trailhead for each hike; hikers who do not wish to drive to the trailhead may meet no later than 7:50 am at Tanque Verde and Catalina Highway, in the parking lot a few rows out from McDonald's, for a self-organized carpool/caravan. We plan to be finished and back at the trailhead by 1 pm, but return times will vary.
• These are nature discovery hikes, not “destination” hikes. The pace will be fairly slow, but good fitness is required for hiking at higher elevations. Please read the hike descriptions and know your limits.
• Hikes are free and guided, with no reservations required. Forest Service parking fees apply at trailheads (\$8 day pass or an appropriate Interagency Pass).
• Bring plenty of water and a snack or lunch for longer hikes.
• Wear hiking boots or supportive shoes, and dress in layers for the unpredictable mountain weather. Bring binoculars if you have them. Hiking poles may be helpful.
• No pets allowed. No smoking. Children must be accompanied by an adult.
• We plan to be finished by 1 p.m., but actual return times will vary. Allow 1 hour driving time to reach some trailheads.
• Cell phones for emergency only.
• Subject to last minute cancellation due to inclement weather or road closure. Call Catalina Highway closure information at 520-351-8844 or check the website calendar at http://www.sabinonaturalists.org on the morning of the hike for closures.
• Contact Cathy at cyungbluth@sabinonaturalists.org with questions.
